SUGGESTED USES:

- Small Retail outlets
- Domestic Homes
- Schools or nurseries
- Hotels, public houses
- Offices and small commercial sites

The recorder has an advanced high speed remote access facility built-in. No monthly subscription, no online time, all you need is an existing broadband connection and router. Using this feature you can fully control the system from any remote PC, Mobile Phone, Blackberry or PDA.

Not only that but you can also ask the system to send an email when motion is detected ensuring you never miss a thing. The perfect solution for any business!
